**Columbus, OH, July 17, 2018:** GBQ is proud to announce Robert A. Biehl, CPA, CCIFP, was awarded the Institute of Certified Construction Industry Professionals (ICCIFP) Vision and Leadership Award at the National Construction Financial Management Association's (CFMA) Annual Conference & Exhibition held in Miami, FL.

The CFMA is considered to be "The Source & Resource for Construction Financial Excellence" for over 8,200 members in 98 chapters throughout the U.S. and Canada, and is the only nonprofit organization dedicated to serving the educational needs of today's construction financial professionals. The association's annual conference is designed to provide unparalleled education opportunities, including general sessions, mini-conferences, breakout sessions (including advanced sessions), dawn peer groups and a multitude of social and networking experiences.

ICCIFP is an independent, separately incorporated entity affiliated with CFMA and exists to provide construction accounting certification holders with opportunities for continuing education to help them maintain their knowledge and certification in an ever-changing field. The CCIFP designation was established in 2003 by ICCIFP and demonstrates the commitment to the certification holder's profession and the construction industry.

Bob joined GBQ in 1987 and provides audit, accounting, litigation support and management consulting to over 50 construction and construction-related entities. He serves as the firm's Director of Construction Industry Services and is involved in the maintenance of the firm's quality control standards for construction clients.
