Education

DeVry University
B.S., Computer Information Systems

Professional Associations

- Information Systems Security Association (ISSA)

Ray joined GBQ in 2018, bringing over 20 years of IT experience serving financial, nonprofit and manufacturing industries.

Prior to joining GBQ, Ray served as the IT Manager at Commercial Vehicle Group (CVG) and oversaw a team of IT professionals who supported 17 manufacturing facilities globally. During his time at CVG, Ray created a cyber security practice and managed the infrastructure team that worked to support global network and systems for the business.

At GBQ, Ray will be responsible for performing risk and security assessments and advising clients on security controls. His experience responding to attacks allows for GBQ to expand its incident response capabilities.
