.....

Columbus, OH, August 1, 2019: GBQ is proud to announce it has earned the recognition of being named a *Construction Executive* Top 50 Construction Accounting Firm.

Now in its 17th year of publication, *Construction Executive (CE)* is the leading trade magazine about the business of construction. In its August 2019 issue, *CE* published a comprehensive ranking of *The Top 50 Construction Accounting Firms™* featuring breakouts and analysis accompanied by an article in which leading accounting experts discuss their construction clients' most pressing business concerns. To determine the ranking, *CE* asked hundreds of U.S. accounting firms with a construction practice to complete a survey. Data collected included: 1) 2018 revenues from construction practice; 2) number of CPAs in the construction practice; 3) percentage of firm's total revenues from construction practice; 4) number of construction clients in 2018; 5) number of office locations with a construction accounting practice; 6) number of employees with CCIFP certification; and 7) year construction accounting practice established.

The ranking was determined by an algorithm that weighted these factors in descending order of importance. To view *CE's* article and ranking, [click here](#).
